Bike Share
at Texas A&M University

This bike share serviced by: AggieLand Cycling

Bike Options & Services

1 Take your bike HOME.

2 Secure Storage*
Transportation Services is offering \$30 secure storage (limited space available).
Purchase your summer bike storage permit online through My Account. Then bring your bike, lock and permit receipt to the Alternative Transportation office by appointment.

REMEMBER:
Bike racks are for bikes currently in use ONLY.
Others will be removed.

For more information visit transport.tamu.edu or email parking@tamu.edu

*Don't forget your bike lock; it will be used when locking your bike for storage.

Growing Visitor Parking Demand

HOW IT WORKS

- 1 Look for the Parkmobile sign or sticker.
- 2 Once registered, use the Parkmobile app to enter in the zone number listed on the sign to start a parking session.
- 3 *That's it!* And just to make life easier, you can opt-in to receive a notification 15 minutes before your parking session is set to expire.

GREEN BIKE LANES AT ROSS & BIZZELL

MAKING CAMPUS SAFER FOR **EVERYONE**

WHY ARE THE NEW BIKE LANES GREEN?

The green bike lanes denote protected bike lanes in intersections, driveways and other potential "conflict zones."

WHAT MAKES THEM DIFFERENT?

They create a designated space on the street for a person riding a bicycle that is physically separated from traffic and pedestrian activity.

WHAT MAKES THEM SAFER?

They create a clear and sensible environment for users on foot, on bicycles or in cars and provides more time and space for everyone to see and react to one another.

PEDESTRIANS

- 1 do not block or stand in protected bike lanes
- 2 wait in protected areas until able to cross street
- 3 cross street using white dashed lanes
- 4 watch for people on bicycles before crossing bike lanes even if you have right of way

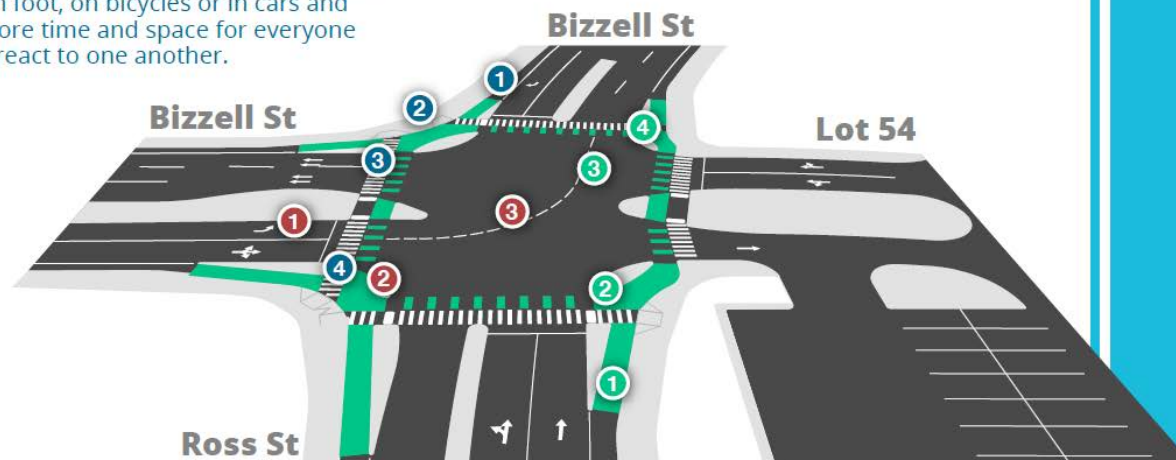

CYCLISTS

- 1 use protected green bike lanes to navigate intersection
- 2 yield to people walking at crosswalks
- 3 watch for crossing vehicle traffic at intersection
- 4 after yielding to people in crosswalks, advance to the end of the center island and cross with caution

MOTORISTS

- 1 when turning, yield to people walking and cycling
- 2 be aware of raised concrete islands in the intersection
- 3 follow the white dotted lines when making left turns

Whether you're walking, bicycling, or driving, always follow traffic laws
